Turn right out of the hotel & cross the bridge. Turn left over a stile & through the underpass. Ascend to join the park wall. Cross to a barn & bear left to rejoin the wall. After a pond bear right to join the Teesdale way & then cross open countryside keeping to the hedge side. Follow the wall around the wood, before turning right alongside another wall & then descend to Whorlton Bridge.

Cross the road & join the riverside path through Whorlton Lido, a lane then takes you past cottages on your left. Shortly, turn right between a wire fence & a newly planted hedge & then bear left to a road. Turn right & shortly after rejoining the road turn left through a gateway to cross two fields to a wood corner. Left along the hedge, then right to pass Sloper House to the A66. Cross the road & turn left, walking along the verge & turn right up a bridleway & past Newsham Lodge. At a sharp bend bear right across a field. The arrowed path now passes through a farmyard, then right over a stile in the corner. Head for the far corner to join a lane left. Cross the road through another farm, up through two gates & turn right to enter the Park. Cross to the bottom of the wood & enter.

Pass the Hall & descend the drive to the village. Cross the churchyard, then left to join the road past Wilson House. After a drive on the left, turn left & right along an arbored path. The path descends to the river. Cross the field & the farmyard to Greta Bridge.
